

MEGAPRO[®] Megapro Original 15-1 Multi-bit screwdriver

Don't want to drag around with a lot of tools anymore? Searching between 15 different screwdrivers and dealing with loose bits that keep getting lost? Then this Original 15-in-1 multi-bit screwdriver is your best friend. This screwdriver has a pull-out bit holder, so your bits are always within reach and neatly stored. Moreover, this Megapro screwdriver makes jobs a lot more comfortable thanks to patented technology that has been proven for over 25 years.

The 14 most popular bits in 1 screwdriver

The bit holder holds 7 double-sided bits neatly in place. This means you always have the 14 most popular bits at your disposal, such as a flat-head bit, a cross-head bit and various torx bits. You can easily place the bits in the strong shaft with integrated 1/4" socket wrench. A ball in the bit ensures that it stays in place.

Supplied bits

- Flathead (flat) bit 4 - Flathead (flat) bit 6
- Hex (hex) bit 4 - Hex (hex) bit 5
- Pozidriv (pz) Phillips bit 1 - Pozidriv (pz) Phillips bit 2
- Philips (ph) Phillips bit 0 - Philips (ph) Phillips bit 3
- Philips (ph) Phillips bit 1 - Philips (ph) Phillips bit 2
- Torx T10 bit - Torx T15 bit
- Torx T20 bit - Torx T25 bit

Strong and durable screwdriver

The original 15-in-1 multi-bit screwdriver is super strong and durable. For example, all bits are made of high-quality S2 steel, to last a long time. The handle is made of Triax 1120 material, which makes the handle almost unbreakable. It is not for nothing that a Lifetime Warranty is given. So you have a Megapro screwdriver for life!

Screwdriver that provides convenience and comfort

No more long searches for the right screwdriver. Always everything at hand. With the right bit on the right screw, every job becomes easier. Changing bits quickly and clearly helps with this. The original 15-in-1 screwdriver is very pleasant and comfortable to use. Blisters are a thing of the past thanks to the Palm-saver Cap. This is a large button on the back of the screwdriver that moves with your palm. This way there is no friction, and therefore no blisters, when you tighten screws. In addition, the EZ Guide Collar makes your life a bit

easier. This rotating collar makes alignment easier and gives you more control over the placement of fasteners.

Megapro Original – Blue/Yellow

Article number: 151-NAS-E

EAN: 831044002008

Compact Display (20 pieces)

Article number: 5DISP-PC20
