COMPANY PROFILE

ABOUT US

Founded in 1982, Plastica Alto Sele S.p.A. specialises in the production of plastic furniture for indoor and outdoor use.

With over 40 years of experience and entirely Italian production at our factory in Oliveto Citra (SA) and logistics platform in Anagni (FR), we are proud to offer high-quality products that reflect the best of Italian design and craftsmanship.

Our products are made from recycled and recyclable materials, reinforcing our long-term commitment to sustainability.

We offer a wide range of options characterised by functional and minimalist design, suitable for modern spaces and professional needs.

Our strength lies in a fully controlled and certified production process, which guarantees durability, efficiency and solidity.

All our products have TÜV product certifications issued by TÜV SUD, and the quality of the process is guaranteed by ISO 9001 certification.

Extensive stock availability and fast delivery make Plastica Alto Sele the trusted partner for those who appreciate the reliability, responsibility and excellence of Italian manufacturing.

COMPANY VALUES

With our '*RINASCIMENTO - Plastic Regeneration and Recovery Programme*', we pay particular attention to sustainable behaviour aimed at protecting the environment.

We produce furniture made from recycled plastic, which in turn is 100% recyclable.

Our factory uses processes and technologies that reduce waste and ensure maximum energy efficiency.

Our goal is to ensure that all our products are sustainable at every stage of their life cycle, from production to packaging.

PRODUCT PORTFOLIO

The company operates in the garden furniture and furnishings sector, which is divided into three business areas:

- RESIDENTIAL AREA: furniture for private use
- CONTRACT AREA: furniture for the HORECA sector
- HARDWARE AREA: furniture for domestic environments

In this context, three types of consumers can be identified:

- HIGH/MEDIUM-HIGH RANGE: aimed at products with high quality standards
- MEDIUM RANGE: aimed at functional products with a reasonable level of design
- ECONOMICAL RANGE: aimed at common, low-cost products

To meet new market demands, the company has developed five product lines: GARDEN, ELITE, RATTAN, HOME and OPERA, all of which are particularly versatile for both indoor and outdoor use.

GARDEN LINE

THE GARDEN LINE IS DEDICATED TO OUTDOOR SPACES: GARDENS, TERRACES, BALCONIES, POOL AREAS AND RELAXATION AREAS.

FEATURING MINIMALIST CHAIRS AND LOUNGERS, THESE PRODUCTS ARE WEATHER-RESISTANT, EASY TO CLEAN AND EXCEPTIONALLY LIGHTWEIGHT, MAKING THEM SIMPLE TO TRANSPORT AND REPOSITION.
